

Meeting notes

2/13/2020 7:00p

Hillside Resort

The meeting was called to order by president Bob VanLiere at 7:00p

Directors present were: LaDell Swiden, Mike Anderson, Steve Kant, Justin Rey, Mark Wolfe and Cheri Wolfe

LMDA guests were: Connie Korthals and Cody Symens with the Game, Fish and Parks Department

Approval of minutes:

The minutes of the November 5th, 2019 meeting were reviewed. There were not enough members present to approve.

Cody Symens spoke to the group about habitat access. Fishing access hard points will be installed for shore fishing off the west end by the boat ramp. One of these fish cities (fish habitat), may also be installed near Walker's Point. The Dock at Johnson's Point has been broken for approximately two years; however, it will be moved back to its original location at Walker's Point and then fixed. There will be a rolling dock placed at Johnson's Point to replace it.

Kids fishing derby and boat safety classes were discussed. Anticipation is LMDA will open up the safety classes to all.

Discussion took place on getting the word out regarding lost and found items from the September flood.

Mark Wolfe discussed the need for president's names from the associations across the lake. This will help during times of catastrophes and he is asking all directors to submit names to him.

The "high water mark" around the lake was discussed in detail.

Mike Anderson informed the group we are going to utilize a new software called Constant Contact. Much discussion took place about the evolving technological changes and how we can implement to ensure adequate and correct directory information.

Old Business:

Discussed the efforts put forth by the DSU students during the flood and if LMDA should do more for the students.

Meeting was adjourned at 8:25p
